

The **Alpes-Mercantour** offers wide variety of sites and landscapes with altitudes of over 3000 metres. High mountain areas are the favourite areas for international modern resorts (skiing, snowboarding, snowscooter, snowpark).

The middle mountain area is good for activities based on discovery and relaxation, snowshoeing, Nordic skiing, dog-sledding.

All the snow-related activities can be done without restriction in an exceptionally unspoiled environment in the 9 Alpine and Nordic ski resorts.
